Submitted for orders.

Please see Serial Nos 5 and 12 of the accompanying file which explain the circumstances under which, the formal land reserved was allotted for cultivation purposes. Assessed waste land to the extent of 41 acres 27 guntas having already been granted to the Villagers in lieu of the free grazing land taken up for cultivation, there seems to be no objection to grant the entire area (42 acres 25 guntas once given to the charges) for cultivation purposes under the Darkhast Rules.
